

A.D. Morrison & Associates Ltd.

Consulting and Software Solutions for First Nations Since 1992

FoxPay Payroll

Simple and efficient processing of timesheets and paycheques

Software Highlights

- Ability to set up multiple companies or departments, if needed
- Calculates pays for salaried and hourly employees
- Allows for deductions such as CPP, EI, union dues, RSP contributions, support payments, and employee-requested extra tax amount
- Configure up to five pre-tax items (such as taxable benefits) and up to five post-tax items (such as after tax deductions) per company with the items being fixed dollar amounts or percentage calculations
- Reverse Payroll Calculator feature will determine the amount of gross pay required to result in a specific net pay amount which is useful for calculating after-tax bonuses
- Issue paycheques directly from the software
- Can be integrated with the Accounting Software program or with most other popular accounting programs
- A direct deposit module is also available
- Program is compatible with Windows XP, Vista, Windows 7, 8, 8.1, and 10

Reports

- Produce detailed pay stubs to accompany paycheques
- Generate a payroll YTD summary or a YTD detailed report for an employee for a year
- Generate T4 slips (including First Nation T4 format slips), the T4 summary for completing the CRA form, and an XML file of the T4 information so that this can be sent electronically to the CRA
- Generate a Record of Employment report to be used to help complete the Service Canada ROE form
- Generate a Receiver General Report that determines the CRA payroll remittance payable for a month
- Generate a summary or a detailed payroll breakdown for a pay period for all employees
- Generate a direct deposit report
- Generate a department allocation report or a General Ledger-Journal Entry report
- All reports can be can be previewed, printed, exported as an Excel spreadsheet, or saved as a PDF
