

A.D. Morrison & Associates Ltd.

Consulting and Software Solutions for First Nations Since 1992

Power Authority

Manage your community's hydro program with this comprehensive software

Software Highlights

- Four different hydro rate scales are available: Residential, Business, Government, and Other
- A flat-fee rate may also be used with the option of assigning a specific amount of kilowatt hours that are included in the base rate
- Service charges and/or late payment fees may also be entered
- Enter the initial starting meter reading and the ending meter reading, and the software will automatically calculate the kilowatts per hour usage
- Subsequent invoices will be calculated by the software based upon the last ending meter reading entered and the new ending meter reading
- Issue detailed invoices, including an optional usage graph, for one client or all clients with one click
- Record payments made and issue receipts
- Allows for modification or deletion of meter readings entered and payments made, if required
- Generate a variety of reports for a client or for all clients
- Program is compatible with Windows XP, Vista, Windows 7, 8, 8.1, and 10

Reports

- Generate an Individual Customer History report which details all invoices, including meter readings, and payments listed by month
- Generate a report showing current balances owing by customer type
- Generate a Revenue Report that details the actual kWh used, kWh invoiced, and flat rate charges by customer type by date range
- Generate a Consumption Summary showing the kWh's consumed, the revenue generated, the amount paid on accounts, and the receivables outstanding for all customer types
- Generate a 12 Month Summary that details starting and ending number readings, kWh usage, service charges, late payment fees, amounts paid, and balance forward amounts for a year
- All reports can be previewed, printed, or saved as a PDF document

About Us

A.D. Morrison & Associates Ltd. has been providing consulting, hardware, and software solutions to First Nations since 1992. We offer a number of off-the-shelf software products, but we also specialize in creating custom software to suit your exact needs.
