Membership

Keep track of members on and off-reserve with this comprehensive program

Software Highlights

- Protect the software by configuring a login password
- Import membership data into the software from various formats or enter the data manually
- All information is easily viewable and organized under tabs
- Software can be configured to allow you to set up a default city, province, postal code, and your band number prefix to save you from entering this information every time you add a member
- Record all vital information for a member, such as his/her complete residence details, Bill C-31 or Bill S-3 status, Indian Registry Category, spouse information, children information, education information, as well as past and present employment history
- Upload a photo of the member to his/her profile, if desired
- Members can be linked with their spouses and with their parents with the click of a button to save from entering the family members' information on each individual's file
- Software can also be used to maintain information on individuals residing on-reserve who aren't band members
- Easily search for individuals in the software using a variety of parameters
- Back up the software using a convenient function within the program
- Software is compatible with Windows XP, Vista, Windows 7, 8, 8.1, and 10

Reports

- Generate a report of members, non-members, and those living on-reserve or off-reserve, or any combination of the above
- Produce a report of individuals by such parameters as name, age range, education level, employment details, among an extensive list of other options
- Generate a Family Profile report which lists the relevant information for an individual
- Generate a Statistics Report which details the total overall gender, marital status, employment status, Bill C-31 or Bill S-3 status and a complete age demographic breakdown for all individuals in the software for a current or past date
- Generate mailing labels for an individual or for multiple individuals directly from the software
- All reports can be previewed, printed, or saved as a PDF
