# **Elections Management**

*Run your elections using a software program that generates everything you need quickly and easily*

## Software Highlights

- Voter and candidate information can be entered manually or imported from an external source, including from our Membership software if you already use this program
- Generate voter information cards and ballots, including mail-in ballots as well as labels or envelopes
- Use the software in single polling station mode or at up to 99 different polling stations
- Quickly tally votes onscreen with the click of a mouse or by using the optional barcode scanner
- Multiple polling stations can tally the votes at their respective stations and then upload the results for downloading by the master polling station to determine the final results
- Software is compatible with Windows XP, Vista, Windows 7, 8, 8.1, and 10

## Reports/Forms

### *Voter-Based Reports:*

- Voter Information Report - for all voters, including the option to group voters by region
- Voter Information Cards
- Identify Potential Problems with Voter Information

### *Candidate-Based Reports:*

- Candidate Information Report - for all candidates, including the option to group by region
- Identify Potential Problems with Candidate Information

### *Forms:*

- All Indigenous Services Canada (ISC) election forms can be generated in the software, such as the following:
  - Electoral Officer's Timeline
  - Notice of Nomination Meeting
  - Polling Notice
  - Mail-In and In-Person Nomination Forms
  - Statement of the Votes (the Election Results)
  - The software also contains a direct link to ISC's *The Electoral Officer's Handbook*
- All reports and forms can be saved in Microsoft Excel or in PDF format
